Project: Professional Conference/Training

*****Below are excerpts from their final report*****

About the Project: We hosted a partnership reception to introduce Charlotte's Webb: Embracing Single Parents (CWESP) to the community and to form partnerships. Attendees represented eight different agencies. We were able to do a PowerPoint presentation and describe exactly what CWESP is, who we serve, and the services we provide to the residents. This exchange of information allowed CWESP to begin to develop partnerships and strategies for developing a coalition/network of agencies serving single parents.

Successes: The partnerships formed helped us get referrals, ensure clients receive wrap around services, discuss donations and other partnering opportunities. This grant made a difference to CWESP because it allowed us the opportunity to explain who we are and to collaborate and partner with other agencies.
