

WOMEN AND TOBACCO COALITION FOR HEALTH

WATCH is a multi-agency, multi-disciplinary coalition whose **PURPOSE** is to share and disseminate information around women's health and smoking. WATCH uses its collective synergy to broaden the efforts of existing programs to influence, advocate, and educate around women's health and smoking issues.

VISION

To improve the health of North Carolina women and their families by eliminating tobacco use and exposure.

MISSION

The **MISSION** of WATCH is to . . .

- promote best practices
- implement programs
- develop partnerships
- advocate for policy change
- monitor performance and progress . . .

of tobacco prevention and cessation efforts for North Carolina women and their families.

2007 Meeting Schedule:

- 11 January, 2007
- 12 April, 2007
- 12 July, 2007
- 11 October, 2007
