Project: Professional Conference/Training

*****Below are excerpts from their final report*****

About the Project: To send the Adolescent Pregnancy Prevention Coordinator and the Adolescent Parenting Program Coordinator to the South Carolina Campaign to Prevent Teen Pregnancy's Summer Institute.

Successes: The South Carolina Summer Institute will assist the coordinators in gaining current and up-to-date information to better assist their participants. With the constant change of research and statistics and the effectiveness of programs, the conference has provided the coordinators with enough information that the program will prove to be an effective program not just for the teens involved but also for the community. With the information and experience provided, we will be able to better implement our programs staying on task and assisting our participants to better achieve their goals throughout high school and providing them with enough knowledge to strive beyond teenage years.
